XELA SEARCH ENGINE

SURE WAY TO FIND IT

Do it the right way!

HEADS UP

Access the Xela Search Engine (XSE) via any page on the PaelSchools' website. For instance, you can go to the home page via <https://www.paelschools.com>.

You can access it also through any email received from PaelSchools.

READY?

Did not find what you are looking for on the website? Search it using XSE!

Enter what you want to find, and press Enter key or click on the search button located on the right side of the Search textbox. The main XSE window will open showing the search results. You can continue to search anything from there.

If you are unable to find what you are looking for, use XCF and inquire about it direct from PaelSchools. In this way, PaelSchools can add that resource to the XSE, making it possible for the same resource to be found subsequently for someone searching for the same resource.

Thank you so much for taking the time to go through this guide document.

Please we would appreciate feedback from you.
